# **Check your valuables** You may have more at risk than you think.

This checklist from NYCM Insurance is designed to help you determine the value of the personal property you own, so you can arrange adequate insurance coverage to protect it. NYCM Insurance offers several types of homeowners policies which provide various levels and limits of protection, as well as a number of special programs to better protect possessions whose value exceeds the coverage provided under a standard policy. Your independent agent can help you devise the insurance program that best meets your needs.
